

Assignment 3

This assignment is **individual** effort.

Requirement for this Assignment:

You have been provided with a framework for this assignment: “Assignment 3 – Framework.py”.

Open this file in your Python editor, and code Steps 1 through 4 detailed in the framework.

Submission:

Once you have written up the script, save it as follows: <FirstName><LastName>Assignment3.py.

[Example: HinaAroraAssignment3.py]

Submit the script by uploading the above python script. Note: upload the actual script – DO NOT attach a screenshot of the script!

Once you have made your submission, you can check the posted solution for this assignment in the next module, and self-grade your submission.
